Faith United Methodist Church Stewardship

Percentage of Giving Chart

Find your monthly income on the left or annual income on the right, and look at the monthly commitments associated with each percentage. Try to grow 1% from your current giving level. If you have never given regularly to the church, aim for the first 1% of your income. If you are already giving a percentage, aim to give 1% more until you reach 10% or more.

Make a Step of Faith

Monthly Income	Financial Commitment per Month												Annual Income
	1%	2%	3%	4%	5%	6%	7%	8%	9%	10%	12%	15%
